

New Source Review newspaper advertisements for construction permit applications, October 12, 2017. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be or were published on one of the following dates: October 10, 2017, or October 11, 2017. Public notices are generally published every week. The previous publication of public notices was October 5, 2017.

#### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Cowboy Charcoal, LLC, with a mailing address of 344 Arthur Drive, Somerset, KY 42501. They seek to obtain an air contaminant permit (Division identification number: 67-0092-01, -02, -03 / 73084) for construction of a Batch Charcoal Manufacturing Operation at 1252 Tommy Dodson Highway, Cookeville. This proposed operation would consist of eighteen (18) charcoal kilns. Three stacks, each with an afterburner, will be used for control. There would be physical construction. Regulated air contaminants would be emitted by these sources. Chelsea Meadows is the assigned Division person.

For the Overton County "Livingston Enterprise"-- publish once on Tuesday, October 10, 2017.

---

The applicant is Tennessee Gas Pipeline Company LLC - Compressor Station 79 with a mailing address of PO Box 1642, Houston, TX 77251. They seek to obtain an air contaminant permit (Division identification number: 68-0001-01/972956) for modification of a Natural Gas Compressor Station located at 434 Tennessee Gas Drive, Lobelville, TN 37097. This existing operation consists of three (3) natural-gas-fired combustion turbines, one (1) natural-gas-fired emergency engine and associated equipment. The requested modification is for repairs to a damaged combustion turbine. The repaired combustion turbine would use a SoLoNOx dry combustor for NOx pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. H. Flores is the assigned Division person.

For the Perry County "Buffalo River Review"-- publish once on Wednesday, October 11, 2017.

---

The applicant is Crush, LLC - dba Tri-County Stone with a mailing address of 5651 S. National Drive, Knoxville, TN 37914. They seek to obtain an air contaminant permit (Division identification number 87-0061-01 / 973053) for construction of a Portable Rock Crushing Operation at 481 Oak Grove Road, Sharps Chapel, TN 37866. This proposed operation would consist of portable rock crusher that is powered by a 75hp exempt diesel-fired engine, an impact crusher, jaw crusher, four (4) stacking conveyors and screen deck used to produce crushed rocks and gravels. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Union County "News Leader"-- publish once on Tuesday, October 10, 2017.
